DISPLAY IMAGES RANDOMLY - Aug 3rd, 2010

If you want to randomize how your images are displayed each time your page is reloaded you can shuffle your array first:

```
<?PHP shuffle($record['gallery_images']) ?>
<?PHP foreach ($record['gallery_images'] as $upload): ?>
  " height="<?
PHP echo
$upload['thumbHeight'] ?>" alt="" />
  <!-- Optional Code -->
  <?PHP break ?>
  <!-- End Optional Code -->
<?PHP endforeach ?>
```

The `<?PHP break ?>` stops the foreach loop so that only a single image is displayed.

Cool huh!!
